i. Anti-bullying policy and updates

1. **DJ:** We define bullying as invasive that emotes physical or psychological harm to a person. We added a bullying piece that covers all sorts of bullying to the Title IX mandates. Spreading misinformation or malicious rumors are just some examples of what is considered bullying. This policy is on the website, we ask that you guys spread the word to ensure people know this policy exists and is a thing. Any questions, please reach out to Janine or find me at my office.

2. **Bella:** What do you often see more, cyberbullying or in person bullying?

3. **DJ:** Most people that come to my office are faculty or staff reporting about other faculty or staff members. I haven't seen any students that have reported bullying.

4. **Leon:** What is the consequence for a student bullying another student?

5. **DJ:** We follow the student handbook and the student code of conduct so whatever it says in there is what we follow.
